### **Tetuan Valley Startup School Certification**

ASOCIACIÓN TETUAN VALLEY certifies the participation of Sergio Conejo, at the Tetuan Valley Startup School program, based at Google for Startups Campus Madrid.

The Startup School program is dedicated to training entrepreneurs how to implement a business idea from start to grow, through experienced and skilled engineers or business people who directly transfer their knowledge to the workforce.

Sergio, CEO at Worksible, was one of the 10 Startups selected, between 150 Startups that applied to the 19th edition.

Sergio is extremely talented and creative. It has been a pleasure to see him work and I would recommend her for any project or mission that would require a strong leader to create an outstanding vision and strategy.

Camila Polensvaig  
CEO, Tetuan Valley
